MATERIALS-ONLY LIFT

12 m Electric Material Scaffold Lift

A powered vertical lift for secured materials. It is not a personnel platform and nobody may ride on it.

12 m	500 kg	PA1500	≈2.2 × 1.3 m	4.05 m
CONFIGURATION	RATED LOAD	MOTOR	FOOTPRINT	STORED HEIGHT

Appropriate applications

- Secured building materials, tools and packaged goods
- Vertical material movement within the rated load
- Applications with a controlled loading and travel zone

Site and operating controls

- Suitable level base and full stabiliser setup
- Confirm power supply, protection and cable route
- Secure and centre the load
- Competent assembly, supervision and exclusion controls

MATERIALS ONLY — NO RIDERS

No person may stand, climb or ride on the carrier. Use suitable access and fall-arrest controls for work at height during setup; never use the material carrier for personnel.

Availability and next step

Available for sale and rental, subject to configuration, site suitability and availability. Send the load, height, power, site location and required dates to LiftServ.

Documentation note

Headline values are based on the reviewed Maihe configuration and user documentation. Verify the final supplied machine against its data plate and reviewed manufacturer documentation.

This summary does not replace the supplied manual, machine data plate, site risk assessment, applicable legislation or competent supervision. Manufacturer declarations or CE documents do not by themselves constitute South African approval. Refer to the South African Driven Machinery Regulations and obtain appropriate professional guidance for the application.
